Invitation

Washington Community Field Day

Organic Seed Alliance Washington Research Farm
Chimacum, WA
29 September 2022

Presentations, tour, and discussion on the following projects:

- Presentation of Utopian Seed project
- Tomato Organic Management Improvement project
- Chicory Week for Organic Agriculture project
- Carrot Improvement for Organic Agriculture project
- ECOBREED buckwheat with Washington State University Sustainable Seed Systems Lab
- Dry Corn and Sweet Corn projects

Industry and Grower Session: 10:00 – 12:00

Public Open House: 16:00 – 18:00

Field Day Location

The Organic Seed Alliance Washington Research Farm is located immediately south of the Finnriver Cidery and Taproom near Chimacum city center. The entrance to the Cidery is located approximately 600 ft south of the corner of State Route 19 and Center Rd. From this entrance you will immediately enter a gravel lot where you can park for the event. From here walk south about 200 ft along the dirt path that parallels Center Road to find the meeting location. Here we will have coffee and other refreshments prior to the program.
